## EXPERIENCE

---

### Oppia Foundation | Volunteer UX Designer

09.2025 - 12.2025

Rebuilt 10+ core screens for Oppia's Android learning app (2M+ learners). Partnered with UX leads to analyze research reports and standardize visual assets, driving design iterations ahead of the post-beta launch.

### ArtCenter College of Design | Teaching Assistant

01.2025 - 04.2025

Mentored 6 junior designers in translating research insights into human-centered interfaces, facilitating design critiques to ensure high-fidelity prototypes for stakeholder reviews.

### Cedars-Sinai | UX Designer

01.2024 - 04.2024

Sponsored academic project with Cedars-Sinai's Research Center for Health Equity. Designed a low-literacy, Section 508-compliant mobile workflow to increase screening participation among eligible populations, targeting a 10% increase in lung cancer screening rates.

### Oak Street Health | Service Designer

05.2023 - 08.2023

Academic project in collaboration with Oak Street Health stakeholders. Mapped multiple-role service workflows for loneliness interventions, producing behavior archetypes that were featured in MBA case studies and cited in physician fellowship programs.

## EDUCATION

---

### ArtCenter College of Design

09.2020 - 04.2025
